**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not allow the dismantling of key components of the 1996 Telecommunications Act as proposed by USTelecom.

I am a native San Franciscan and now a senior trying to remain in SF. Finally I have a choice of Sonic instead of the large ATT conglomerate. ATT continues to supply medicore service and constantly rising monthly prices.

Sonic provides a choice for SF residents. Let them continue to expand into all areas of San Francisco. Sonic has made an big effort to lay down fiber capability and should be encouraged to continue their business endeavors.

I had been with ATT but the prices were high even for slow broadband internet service. As the environment is moving at a quick tech speed, as a senior trying to stand upright on my own 2 feet, Sonic is vital to keeping a lower monthly price and providing a faster internet speed that works. Trying to contact & have a conversation with ATT personnel is one of the most stressful things I've had to live through.

Do not allow the large companies to swash the smaller competitors.
